

Room Number 1 castle doors

Two massive doors once loomed over people here but have long since been broken down and pushed to one side.

Go to 31 to get to Main Hall

Go to 33 to get to Walls

Go to 39 to get to Walls

Room Number 2 Kitchen

Some of the heavier implements remain but most of the tools that were used to run this once bustling kitchen are gone. A rather stout door is locked preventing you from accessing the cellars without a key.

Go to 14 to get to Before the fire
Go to 44 to get to Pantry

Room Number 4 Chancery

Once the place for which all the castle business was conducted is now just an empty room other than the grand desk central to the room that has defied all efforts to steal it.

Go to 8 to get to Treasury
Go to 31 to get to Main Hall
Go to 46 to get to Tower stairs

Lamp is here

Room Number 5 garderobe

A three hole lies here. If you were sufficiently desperate you could climb down to somewhere interesting.

Go down the hole to 27 to get to Drain
Go to 35 to get to Upper corridor

5

Room Number 6 Bedrooms

Several smaller bedrooms lie here once no doubt the domain of a minor lord or commander and his retainers.

Go to 25 to get to Barracks

Iron Key is here

6

Room Number 7 Further down

You end up taking a tumble in the dark and find yourself in the river. Do you have anything to light your way amidst the dark waters?

Flounder by feel to 47

Rusty knife is here

47

Room Number 48 Spire

You can see sky through the many holes in the spire wall here.

This is possibly note the safest place to be, but you can probably find something even sillier to do.

Climb through onto the vertiginous roof to 15
Go to 46 to go back down the stairs

Rope is here

48

Room Number 49 River edge

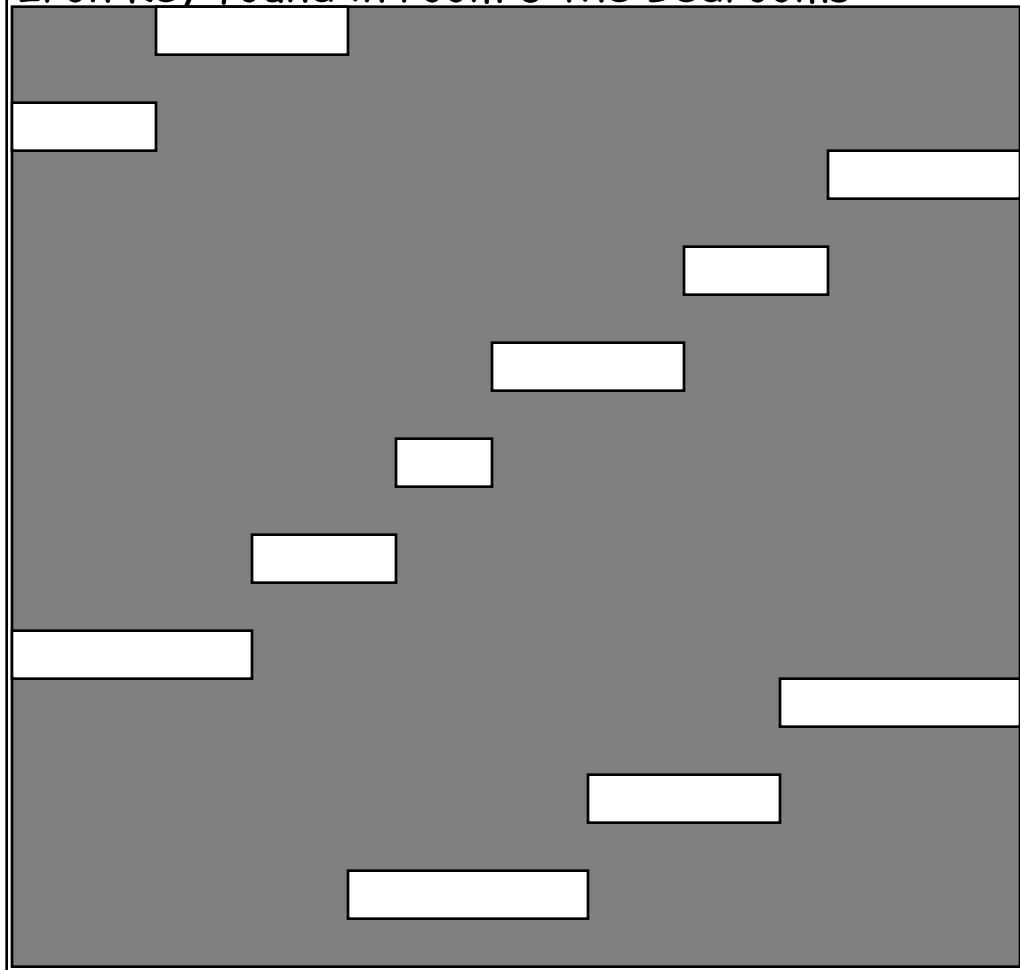

The West tower rises from the river's edge here Do you want
to swim across?

Go to 39 to get to Walls
Try swimming at 47
